

## **G4 – LOOKING FORWARD**

One year ago the Group of Four (GIBA, CGI, Chamber of Commerce and IoD) reviewed the progress and direction of the new States Assembly as it approached its first 100 days.

The panel felt very positive that the Assembly was capable of taking on some of the tough challenges faced by the community at that time. The review provided useful and positive feedback for government and industry alike and there was a genuine desire to see government succeed and perform well.

So, what progress has been made since last year? Has Guernsey tackled those thorny issues and what impact has the global economic crisis had on our island's ability to steer its own course? How much is in our control in these difficult times? What steps can industry take with Government to help secure our future prosperity?

A seminar is to be held to consider these matters on Friday 24<sup>th</sup> April 2009 at 12 noon at the Duke of Richmond Hotel. Panel Members are: Peter Budwin (CGI), Paul Luxon (Chamber), Paul Meader (GIBA) and Andrew Ozanne (IoD). The panel will be moderated by Mark Trenchard who will seek active participation from the audience.

The Seminar is open to all members of these organisations, their guests and any other interested persons at a cost of £15.00 per person. The ticket price includes a buffet lunch. Seats may become limited and early booking is advisable.

Reservations can be made by completing and returning the application form below. All applications will be confirmed.

***Event Production is kindly sponsored by KPMG Channel Islands Limited***
